

AngelSpaceDog

Original title: AngelSpaceDog

Sixty-year-old Eddy is tormented by nightmarish memories of Emma Geel, a 16-year-old girl he once met in the park. He tries to find ways to reconnect with her, but fails to muster the courage to talk to her in person. When they finally meet again, there is still something special in the air, but then again, some things never change... Set against the backdrop of Antwerp's underground scene, *AngelSpaceDog* opens up a bizarre and colourful universe, where love and togetherness move away from commonly accepted conventions.
