

# artifacts of you, artifacts of me.

Original title: artifacts of you, artifacts of me.

To reconstruct his father's death, the director combines different imaging techniques, including photogrammetry, 3D animation, live-action footage, digital effects and screen capture. The resulting film exists at the ambiguous intersection of expanded animation, contemporary documentary and abstract film. It is accompanied by a haunting soundtrack composed by Ismaël Iken (aka Kiche).

## CREDITS
