

Bobbejaan

Original title: Bobbejaan

Bobbejaan Schoepen composed, sang, whistled, yodelled and acted his way through an amazing career. He sold millions of records and toured the world. Tired of travelling, he drained a swamp and built a studio and a concert hall there, which grew into a successful amusement park. Life thundered by. Now close to death, he wonders if he made the right choices, while his wife continues to care for him, and his son captures this fragile stage of his life on camera.
