

Chelsea's Blues

Original title: Chelsea's Blues

Chelsea was placed in a youth institution at a young age. In the documentary *Chelsea's Blues*, she visits people and places that are important to her: her juvenile judge, the care farm where she often worked, a former neighbour, her best friend, her father... In the conversations she has with them, she tries to find out more about what happened in the first years of her life. About who she was, who she is, and who she wants to become. *Chelsea's Blues* shows how complicated it can be to grow up in the youth care system, and yet how things can still turn out well.
