

Eighteen

Original title: Achttien

Nick, who is about to turn 18, grew up in a youth institution. Deep down, he wants to go back to his mother, Kim, whom he has messaged regularly over the past year, but always without a response. He has a good relationship with his supervisor Agnes who helps him find a studio with the state money he is entitled to receive. Then Kim messages that she would like to meet. An initially frigid encounter thaws while bowling. Nick makes a decision, an unpredictable one that will cause him to break down...
