

Emperors of Nothing

Original title: La Peine

***Emperors of Nothing* is an unprecedented exploration of life at Forest prison in Brussels, which was notorious for its inhumane conditions. Shot during the six years running up to its definitive closure, the film shows how the human spirit resists or submits to this harsh world. It includes candid, deeply personal stories from inmates and wardens alike, those who have forfeited or devoted their lives to prison, revealing what it means to be behind bars in the capital of Europe.**
