

I'm Perfectly Fine

Original title: I'm Perfectly Fine

As a freelance illustrator and perfectionist, Maya's life is fun fun fun, but also busy busy busy. She motors through her work assignments and social activities perfectly, thanks to a supportive inner voice she affectionately calls her Little Motivator. But when Maya suddenly gets a full-on panic attack and has to slow down for a while, her deepest fear becomes reality: she can no longer be perfect. Maya and her Little Motivator set out to get her back on track ASAP, while struggling to accept that good enough might really be good enough.
