

Instafamous

Original title: Instafamous

Social media influencer Fleur has a shocking accident during an Instagram livestream and is plunged into a coma. When she awakes, the past five years are a blank and she cannot remember her social media self. Even so, she decides to pick up where she left off, but her new fearless and sometimes naive view of life has a big effect on the people around her, beginning with her best friend and former assistant Billie, and her stepbrother Roel, an unemployed actor and comedian with zero ambition.
