

# It's Raining in the House

Original title: Il pleut dans la maison

One hot and stormy summer, 17-year-old Purdey and her 15-year-old brother Makenzy are left to their own devices in the dilapidated family home near a tourist lake. Purdey works as a cleaner in a hotel complex, while Makenzy gets some money by robbing tourists. On this bittersweet journey, between the recklessness of adolescence and the harshness of adult life, they depend on each other during what seems to be the last summer of their youth.
