

Liberland

Original title: Liberland

On the border between Serbia and Croatia, where the bloody Yugoslav War still resonates, there is a heap of sand in the Danube that someone wants to turn into a new nation. In 2015, Liberland was founded by a Czech politician who claims to have planted his flag in this no man's land. As the first president of Liberland, he tries to shape his country. Is he an idealist, or does he have other, less altruistic goals?
