

Misha and the Wolves

Original title: Misha and the Wolves

A young orphaned girl survives the Holocaust by fleeing her home in search of her parents, escaping the Nazis by sticking to the woods and living with wolves. Author Misha Defonseca's story is an incredible one, and not just because of the wolves. Her memoir took the world by storm, but fallout with her publisher-turned-detective exposes the shocking truth beneath Misha's deception. A real-life mystery unfolds, with a slate of characters individually revealing pieces of the puzzle in this stranger-than-fiction revelation.
