

# Mister Paper

Original title: Meneer Papier

**Mister Paper cuts and sticks together the world that he wants. He lives in a paper house surrounded by paper nature. His sole companion is a cat. But thanks to his scissors and his childlike imagination, he is never alone. For every situation, Mister Paper creates a solution by cutting or pasting something new. He cuts a bottle when he's thirsty and an apple when he's hungry. Or he cuts a cow, so as to have some milk for the cat. And when the cat doesn't feel like playing, he cuts a dog or a girl to take a walk with. Through his adventures, the world of children is brought to life in a playful, imaginative manner... A world, rooted in reality, where anything is possible.**
