

Opera S01

Original title: L'Opéra S01

At the world-renowned Paris Opera, Zoé, a 35-year-old principal dancer with a dazzling career, has recently faltered: too many parties, lovers, anxieties. In danger of being fired, Zoé will have to come to terms with the institution, her peers, and especially her own demons, if she is to earn herself a second chance. Meanwhile, Flora, a young black dancer, has just joined the company and has only a few months to prove her mettle and carve out a place for herself. Meanwhile the flamboyant and ambitious Sébastien, newly appointed director of dance, wants to make the Paris Opera Ballet shine even brighter in the international firmament.
