# Suspicion - A Documentary About Luc Tuymans

Original title: Argwaan - een documentaire over Luc Tuymans

Luc Tuymans is one of Belgium's most internationally renowned painters. In the war zone that he believes to be the international art world, Tuymans moves with a persistent suspicion, delivering works in which tragedy lurks beneath the apparent emptiness. He continuously searches for intriguing images, wherever they may come from. In anticipation of a major exhibition in the Venetian Palazzo Grassi, he philosophises about art, the surgical technique of painting, nightlife, war, people and society. Painting is a solitary practice and nothing is ever what it seems.
