

# Swarm

Original title: Swarm

In a mute city where videos of wildfires go viral, a community commits to a strange slumber. Tired of struggling, a young night worker decides to give in to their call. Through encounters on this other side of reality, he gathers antidotes to despair and keys to revive language. When he wakes up, the world remains unchanged yet everything is different. Blending mysticism and counter-utopia, *Swarm* explores how imagination holds the power to transform reality.
