

The Last Day

Original title: De laatste dag

Lucie works at a local TV station and dreams of a promotion. Her boss, Bart, isn't interested in her career growth. Frustrated, she begins each day with the words, "Today is my last day." So, she decides to quit, but faces unexpected obstacles. First, she thinks she has an important presentation, then she believes she's pregnant, and she develops a crush on a colleague. Lucie gets help from a virtual assistant, OLI, who is actually the charming receptionist. At the end of the day, everything goes wrong: Lucie wasn't giving the presentation, she's not pregnant, and her crush is rude. She tries to quit but can't reach her boss, so she decides, "I'll quit tomorrow."
