

The Lion and the Ape

Original title: Le lion et le singe

In the savannah, long, long ago, a lion rescues what he thinks is a small monkey. In return, the monkey pulls a large splinter out of the lion's paw. A friendship is born, which grows in perfect harmony, until the day the monkey discovers fire. Unleashed, the fire ravages the plain and almost consumes the two friends. Rather than learn his lesson, the monkey wants to relight the fire, whatever the cost. So the lion does what must be done, to save the savannah from another catastrophe: the dangerous little monkey must be rendered harmless, even though he is the lion's only friend.
