

The Little Mouse

Original title: La Petite Souris

In a sprawling, anonymous megacity, a determined little mouse strives to use her artistic talent to make a name for herself, creating intricate works from discarded materials. Despite her talent, however, she is isolated by her narcissism and inability to collaborate. One day, after an encounter with an old man who criticises her work, she mysteriously becomes invisible. She soon learns that the man is none other than Santa Claus and, after a tense discussion, she reluctantly agrees to work for him. But the mouse is determined to undermine Santa's legacy and ultimately begins spreading a message to children, challenging their belief in him.
