

# The Rye Horn

Original title: O Corno

In 1971, in the Galician countryside, María assists women in childbirth. After an attempt to help a young woman in trouble, she has to hide from the authorities, and then flee the country, leaving everything behind. On her perilous journey to Portugal, via an old smugglers' route, María experiences the solidarity of other women. She realises that she is not alone and, thanks to the help of others, she might finally find her freedom.
