

The Shadow Workers

Original title: De Schaduwwerkers

The Shadow Workers is a documentary fable in which the upside-down-pigeon Lukaku tells us a story about Usman and the Dutch Good-for-nothing. Usman works in a night shop and can only sleep during the day when the Good for nothing works in a honey shop. Together, they embody the non-stop working rhythm of the world we live in today. Lukaku takes us on an anthropological journey, reflecting on the role of dreams in the lives of these two working humans in the city of Ghent.
