

# Walls That Scream

Original title: Les murs qui crient

On April 10th 2020, a 19-year-old boy is killed in a car accident with the police. His name, Adil, is on almost every wall in Brussels. As the inhabitants of the city move past these walls, as time passes and the city changes, his name remains there statically, waiting for justice. *Walls That Scream* is about walls that witness police violence. Walls in a forgotten neighbourhood that make something visible. Walls that stand in the way of forgetting.
