

Wheelie Boys

Original title: Wheelie Boys

The last summer before high school is dawning and friends Garvey, Bas and Stag spend as much time together as possible on their pimped wheelie bikes. Together with bike repairman Driss and the wheelie gang they enjoy carefree ride-outs, but there is also tension in the air: after the summer Garvey and Bas will each go their own way at different high schools. While Bas is curiously looking forward to new friendships, Garvey fears losing their special bond. Fortunately Stag, who already has a year of experience in high school, offers support and advice.
