

Yummy

Original title: Yummy

Yummy is an orgy of blood, violence and and offbeat humour, in which a young couple travels to a rundown Eastern European clinic for cheap plastic surgery. The young woman wants a breast reduction; hr mother comes along for yet another facelift. Wandering through an abandoned ward the boyfriend stumbles upon a young woman, gagged and strapped to an operating table; she is the result of an experimental rejuvenation treatment. He frees her, but does not realise he just caused the outbreak of a virus that will change doctors, patients and his mother-in-law into bloodthirsty zombies...
